

GWANDALAN PUBLIC SCHOOL

Principal: Don Begg
Mini Newsletter Term 2
Week 7 - 10th June 2008

Dear Friends of Gwandalan Public School

Welcome back from a long wet week and long weekend. We are looking forward to our weather improving.

Class Mosaics

All classes have been given a choice of a creature found in the Summerland Point/Gwandalan/Lake Macquarie areas, e.g. sharks, turtles, flathead, kangaroo, owl etc. Each class has until the end of week 5 in Term 4 to complete mosaics.

If you have any left over wall tiles please donate them to our school. Sky blue, black, brown, orange, green yellow etc. Shiny/gloss colour would be preferred but the dull colours would be ok. Please send tiles to your child's teacher and we can share tiles across the school as the colours will vary in each mosaic.

Name on all items

A gentle reminder for parents to label all clothing items brought/worn to school. Throughout the year to date we have accumulated many items without names.

Voluntary Contribution Early Bird Draw

At last week's P & C meeting the De Bono and Wysman family names were drawn from the list of families who have paid Voluntary Contributions.

Debating Team

Congratulations to our Debating Team for their efforts against Gorokan and Lake Munmorah Primary School. Great improvement is being noticed already in our short time participating in this competition.

Upcoming Events

Friday 20th June – Central Coast Senior Dance Group at Dance Festival. 6.30pm & 8.15pm.

Thursday 26th June – AFL Tony Lockett Shield Venue and Details TBA.

Monday 30th June – Brian Tickle – Mathematics Consultant visit to Gwandalan School.

Wednesday 2nd July – Reports due to go home (if there are no computer difficulties from outside of Gwandalan Primary School).

WATERTIGHT is an interactive education program run by Wyong Shire Council and involving the whole school. This exciting program will take place at our school on **Tuesday 17th June** and allows students to participate in a range of activities about water quality and water conservation issues. Kristie Kellaher, Wyong Shire council's Water Education Officer, will be accompanied by ten staff from Wyong Shire and Gosford City Councils as well as Rumbalara Environmental Centre staff who will help organize various activities on the day. All students need to do is turn up with their fantastic manners on the day and take part in the different activities. If you would like further information about this terrific day, please contact Mrs Sanderson.
